Born in Akron, Ohio in 1943, Charlotte moved to Mansfield, Ohio at the age of 2 (with a little help from her parents). Upon graduation from high school she received a scholarship to Columbus College of Art and Design in Columbus, Ohio. After marrying her childhood sweetheart she spent the next twenty years moving with him and their two children to nineteen different duty stations, all the while studying art and showing her art in a variety of venues. In addition, she was pursuing degrees in nursing and eventually became a Family Nurse Practitioner.

After retirement, Charlotte began chasing the elusive “successful artist” designation in earnest.
